MINIMAL® è una tapparella in alluminio coibentato dal design essenziale ed armonioso. La stecca con un'altezza di solo 16 mm, a gancio con **foro largo** conferisce all'oscurante, oltre all'aspetto moderno, dei concreti vantaggi quali un'**ottima visuale verso l'esterno**, l'**agevole circolazione dell'aria** nell'ambiente interno, l'**ingresso della luce**, ma anche un diametro di avvolgimento significativamente inferiore rispetto ad altri profili presenti sul mercato, rendendo il prodotto congruo con le nuove tendenze architettoniche dalle **linee ridotte ed essenziali**.
