PETIT 30® è una tapparella in alluminio coibentato a stecche piatte H 30 mm che presentano, nel gancio del profilo, le asole larghe 90 mm. Le sue linee dritte e pure coniugano la contemporaneità del design con la funzionalità di una tapparella che, a differenza dei modelli tradizionali, offre, a telo abbassato e con i fori aperti, **maggiore aerazione, ingresso luce solare, visibilità esterna nel totale rispetto della sicurezza e privacy.** Inoltre, la sua forma consente di utilizzare, in fase di montaggio, l'avvolgimento sia esterno che interno.
