

VISTA
INTERNA

ZANZARTAP[®]

LA TAPPARELLA CON
ZANZARIERA INTEGRATA

VISTA ESTERNA

ZANZARTAP è realizzata con un gancio più alto e resistente rispetto alla tapparella tradizionale, e, allo stesso tempo, interamente **microforato**.

Ciò consente un **maggiore riciclo dell'aria**, la **possibilità di oscuramento graduale** e, non per ultimo, una **barriera contro gli insetti indesiderati**.

AVVOLGIBILE IN ALLUMINIO COIBENTATO
CON POLIURETANO ALTA DENSITÀ MICROFORATO
ZANZARTAP®

BLOCCAGGIO STECCA

STANDARD
CON TAPPO
LATERALE
AVVITATO

La caratteristica fondamentale di questo profilo consiste nella presenza della microforatura su tutta la superficie del gancio. Tale particolarità permette, ad avvolgibile abbassato, oltre alla funzione oscurante, un'efficace prestazione come zanzariera e un'ottima visuale verso l'esterno, contemporaneamente al mantenimento della privacy.
